The Fair

Was a

Big Success.

Staghing is good.

Both Chaska and Carver have good Fairs now.

Our town was over run with people from the country last Saturday. It was a big day for our city.

Justice Dille's court was occupied all day last Monday settling law suits. Three cases were on the docket.

The snow plow on the Hastings & Dakota Railroad, went up the road last Sunday.

Last Monday was a holiday, with members of the Catholic Church. Services were held in the Church at this place and largely attended.

Mr. Lempus mill is now in running order. He started up this morning, and is now ready for business.

The dance at John Ebbell Hall, in Laketon, on last Monday evening, was a success. A very large crowd of young folks attended. Chas. Ramsdill's band furnished the music.

Andrew Schrimpf, lost a valuable horse last week. He was taken sick and died quite suddenly. He was valued at \$175.

Philip Henk is canvassing the county for the sale of the celebrated Wood Reaper. He says he is meeting with better success than he expected.

Mike Engler, of Chanhassen, has a notice in this issue of the HERALD, offering his valuable farm for sale at a bargain. This is a good chance to buy a cheap farm.

Mr. Meaker, of Excelsior, offers a tread power for sale or exchange for stock. A good chance for some farmer to make a good bargain.

FAIR TALK.

Peter Itlis and Herman Brinkhaus say that if they, or the citizens of Chaska, had worked as hard and had offered as many inducements to the farmers and buyers of this county, to attend the Chaska fair as the Carver folks did, Chaska wouldn't have been large enough to hold all the people who would have attended. As it was we had the biggest fair.

Sold Out.

Fred Schauberg, of Hollywood, recently disposed of his interest in the steam thrasher operated by Mr. Hesse and himself in that town last fall. His partner being the purchaser.

We want local items from every town in the county—that is, short pithy local items that will interest the people of our county.

Mrs. Henry Young.

We again call the attention of our readers to the advertisement of Mrs. Henry Young, as general dealer in dry goods, groceries, notions &c. She has a full stock and makes a specialty of family groceries. Give her a call.

Chaska Market.

The following are the market quotations as we go to press in this market.

Auction Sale.

John Ney, of the township of Benton will have a public auction of a very large lot of personal property, on the farm of Ernst Goertz, on Thursday, February 25, commencing at 9 o'clock a. m. The property to be sold consists of live stock, hoes, wagons, agricultural implements, household furniture &c. Terms easy. A good chance for good bargains.

THE MONTHLY FAIR!

A GRAND SUCCESS.

The second Monthly Cattle Fair, of the Chaska association, was held here last Saturday and was a grand success. The attendance was greater than at the first fair, notwithstanding the threatening aspect of the weather early in the morning. By 12 o'clock, Chestnut, Second and Walnut streets were crowded with people, teams and stock. That part of Chestnut street from Youngs, corner to Goodrich street was crowded with people, as was also second and walnut streets from Streissguth store around to Jos. Ess wagon shop. We are disappointed, as we did not anticipate anything like this, no outside work having been done to induce the farmers to visit the second Chaska fair. Buyers were plenty and stock commanded a fair price, considering that very few good fat cattle were in market for sale. 120 head were purchased in this market, 50 head were shipped by train, 60 driven to Minneapolis and St. Paul and 10 head to Carver, for free shipment by a shrewd buyer.

Peter Itlis Chairman of the association, who has been confined to the house for the past three weeks with sickness, says the next fair will eclipse anything of the kind ever held in this county.

The success of the enterprise is now assured and you may expect something grand next time.

WHEAT WANTED.

Henk and Bierline will pay 1 to 2 cent more than the regular market price.

New Railroad Project.

Col. Petter, of Minneapolis, was in town last week talking up another railroad project—that of a Narrow Gauge from Minneapolis to St. Peter, via Bloomington, north, Shakopee, Chaska, Carver, Union, Henderson and St. Peter. He says the pulse feels good and that he has no doubt the road will be built the coming summer.

Since writing the above item the daily Wednesday contains the list of incorporators and directors who are as follows:

Minneapolis—Thomas Lowry, L. D. Day, S. E. Noller, J. C. Oswald, Anthony Kelly, Geo. R. Newell, R. McMillen, J. K. Sibley, H. G. Sibley, S. W. Farman, Wm. F. Cahill, C. H. Pettit, Francis S. Hinkel, T. H. Zwick, C. P. Hubert, Lewelyn Christian, E. H. Andrew, G. A. Pillsbury, Jos. Dean & L. Day.

Town of Minneapolis—G. A. Burbank, Richmond—Charles Reeve, H. Wilson and Chas. H. Clark.

Bloomington—F. Petter, Wm. Chadwick, S. Ellington, A. P. Thompson and H. D. Cunningham.

Eden Prairie—C. H. Terrell, F. F. Riehe, Henry Leigh, John Hill, James Clark and Samuel Andrews.

Shakopee—D. H. How, H. J. Peck, G. W. Gillingbeck and John McMillen.

Chaska—G. A. Du Toit.

DIRECTORS.

Thomas Lowry D. L. How.

John McMillen G. A. Burbank.

Charles H. Clark F. Petter.

S. Ellington Wm. Chadwick.

C. H. Terrell F. F. Riehe.

James Clark H. Wilson.

H. D. Cunningham.

BALEMAQUERIE BALL.

The MASQUE at Concordia Hall, next Monday evening, promises to be the grand affair of the season. Prizes are offered by Mr. Itlis, for the best lady and grand march on the floor, the same to be decided by a committee selected among the audience.

Good music has been secured for the occasion.

MILL DAM WASHED OUT.

Eitels mill dam washed out last Friday evening, causing Mr. E., probably something over \$100, to be ruined. No damage was done to property near the dam, as the break was in the race way.

Steam Shovel.

The steam shovel, on the Hastings and Dakota Railroad, is at work filling the trestle between this city and the river. They get the sand from the hill near the Carver depot and make trips every 20 minutes, two trains being used to haul the sand. James Fahey, is conductor in charge of one of the trains. Both trains make their headquarters at this place.

Nick Roers, of Victoria, Laketon, was made happy last Thursday, by the appearance in his family of a bouncing young son. Nick set 'em lively for the boys.

The Marriage Bells.

Joseph Schaff Jr., of Murdock, Swift County, and son of Joseph Schaff, formerly a prominent resident of Laketon, in this county will be married to day at the Catholic Church, St. Bonifacius, Hennepin County, to Miss Anna Schleh, daughter of Jacob Schleh, merchant of that place. The ceremony is to be performed by Rev. Father V. Stimler, of St. Paul, who is a relative of Mr. Schaff. The young couple have the best wishes of a host of friends in this county.

New Livery Stable.

Jerrie Ehmman, informs us that he will start a new livery stable in our village in a short time. He will put in as good turn out as can be found in any interior town in the state. It will supply a long needed want.

Personal Mention.

Mike Preis and George Guttler, two of the prominent farmers of Dubuque, called on us last Saturday. They took in the fair.

O. C. Meaker and M. G. Maynard of Excelsior, Hennepin County, made our office a pleasant call Saturday.

Jno. Eitell and Ferd. Hedeke, of Laketon, dropped in a moment last Saturday.

Hon. L. M. Brown, of Shakopee, was in town taking testimony as referee in a case wherein F. Henk is defendant.

E. Southworth and D. Brown, of Shakopee, were in town Monday.

Capt. Houghton, of Carver, was in town several days during the past week.

Mr. Fred Schauberg and Mr. Simon Sterner two of the prominent farmers of the town of Hollywood, called in to see us on Tuesday.

DIED.

At her residence in the township of Chanhassen, Elizabeth Verner, wife of John Verner, aged, 58 years.

Mrs. Verner was an old resident of the county and highly respected by a large circle of relatives and friends.

Look out for a big adv. from Streissguth's next week.

Norwood Items.

Business is booming.

Our monthly fair was a good one in spite of the cold weather.

The Carver Free Press has the iron almost laid on the new M. & St. L. branch. Look out for steamboats next.

Our friend H. L. was married on January 20th in the village of Glenwood, to Miss Katie Mangle of Hilden. McLeod Co. You have our congratulations.

We have a new barber and he holds forth at Fabels Hotel. He is a caution.

Young America will give a bonus of \$5,000 for a R. R. You shall have it.

The dwelling house of Mrs. C. Engel, caught fire last Saturday week, but it was extinguished, after it had done considerable damage. Insured in the Continental of New York.

Our mill project is "busted." The Helvetia sale was a failure.

Gangelhoff Bros., and Patterson, report a lively machine trade. Go in buy's.

Sheriff DuToit, John Hebbison and P. Henk were seen upon our streets last week.

The editor of the Carver Press is trying to ridicule our newspaper project under the name of "veratis." He attacks the HERALD, G. A. DuToit and Riehe, which shows how he relishes the idea of a newspaper in Norwood. But let the "Jade wine" we are bound to get that newspaper in a short time. By the way Riehe says he better look out, or he may run against that "wooden leg" again.

Anthony Heiffron, has purchased Mr. Frautsch's harness shop and is running the establishment himself. Give him a call.

NOTICE TO BUILDERS.

We dislike to indulge in personalities. It don't pay in the end. We stated once that we neither gave or sent any tickets to republican candidates in Young America or elsewhere, and we re-iterate that statement Mr. Benson or anybody else to the contrary notwithstanding.

The terrible broadside we received from the "smooth bore" editor of the Carver Press last week, has laid us out. With Benson at both ends of the line and the "smooth bore" in the middle—we collapse.

AFTER reading the last issue of the Carver Press, we have come to the conclusion that there is but one person in the county, sufficiently qualified to run our public business, and that is Bredenhagen.

The republican State Convention met last week and elected delegates to the National Convention favorable to the nomination of Genl Grant for President in Penn.

Major Genl. George Sykes, and Col. of the 20th Regt. U. S. Infantry, and long and favorably known in this department died in Texas, Feb. 9th. Col. Sykes has a splendid war record, and his death is universally regretted by his many friends throughout the Union.

Mr. Benson, of Young America, wants us to prove the acts of public benefit, we have done for this county. We think we are at least on a par with him, for the rest we leave it with the public. We are satisfied.

The State Agricultural Society.
The annual meeting of the Minnesota State Agricultural Society was held in St. Paul on Wednesday, with somewhat of a small attendance. The treasurer was not present, but the secretary reported an expenditure of \$4,621.01, of which \$25 were for premiums. The following are the officers elected:

President.—J. S. Prince, Ramsey.
Vice President.—C. W. Thompson, Fairbault.
Secretary.—R. C. Judson, Dakota.
Treasurer.—C. A. Wheaton, Rice.
Directors.—J. D. Bass, Scott; Adam Bohland, Ramsey.

We extract the following from the intensely interesting address of Hon. Henry Hitts, delivered at the reunion of old settlers of Scott County at Shakopee on the 27th:

For every pyramid in ancient Egypt, there are ten in ancient America. For the ruins of every city scattered over the valley of the Nile, there are a hundred still buried in the primeval forests of Mexico and the vast regions to the southwest. For every prominent mound of earth and rubbish marking the sites of cities and buildings in the great regions of Asia Minor, Egypt and Greece, there are a thousand in the regions of the Mound Builders.

Carver Items.

Weather too nice to last and business booming over the left.
If this warm weather continues much longer it will break up the sleighing for good.

Scarlet fever has made its appearance again in town.
The roof of Chas. Blomquist new machine shed weakened the other day and fell through smashing some of the machinery.

Mr. and Mrs. Demers have just returned from a short visit to Minneapolis and have taken quarters at the Temperance hotel.

The surprise party at Blomquist's last Friday evening was a grand affair and the guests were highly entertained.

Waconia Items

Real estate has raised 150 per cent, since the R. R. boom.

Have you seen the surveyors, is the question all around.
The teachers meeting held at this place was numerously attended, thereby showing that Waconia is well adapted to hold these meetings.

Jno. G. Sauter, is deserving of a leather medal for his communication in the last

issue of the Herald.
A social dance was held at John West's residence last Monday evening. It was an enjoyable affair.

Our friend Gottlieb Raade, was made happy by the arrival of a bouncing boy in his family last Thursday. Congratulations.

Miss Lena Kohler held an old fashioned spelling school at her school house last Friday evening, giving us some more of them teachers as they are very interesting.

Sleighing is good and lumber and brick are coming into our village at a lively rate. We counted 35 loads the other evening.

TEACHERS' MEETING.

Waconia, Feb. 7th 1880.
The duty devolving on me, by appointment of Co. Supt.—of giving a report of meeting held at this place, I would say at the outset that anything like a detailed and just account of the interesting and profitable proceedings can not be given, owing to want of space, and the desire of Mr. M. that the reports for both our Co. papers be as concise in their letters as possible.

Meeting did not commence on time, it being 11 a. m. when proceedings were opened by Mr. Peters, of Norwood, conducting a class in spelling. The same thing was also done by Supt., who followed. Mr. Peters' method of teaching spelling may be very good, but some present did not seem to think so.

Afternoon session, appointed for one o'clock, was opened by Miss Berquist, of Waconia, conducting a class in Geography. As always, this talented lady made an excellent impression.
Mr. Graham, of Watertown, in taking up subject of History, maintained that the Teacher should first, himself, have a thorough knowledge of subject he proposed to treat about that American History had advanced considerably in last 10 years, and that, whereas it was once deemed enough, by many, merely to know that Col. discovered America, and that Geo. W. was our first Pres., the time had now come for more radical knowledge on hist' subjects. Mr. Graham would have the teacher give the reasons for things as much as possible, in handling the "Colonization Period"—History, according to Mr. G. own definition, is "The experience of Nations" and lessons which we are to study from Hist. are same as a man should learn from his own acts.

Important to impress on minds of children that our Republican form of Government the best and why, disapproves of teaching Hist. in our Country schools, as a general thing, as children should be considerably advanced before taking up such a topic.

Would teach II. by topics, as he has tried plan and found it best. Decries teaching of II. according to seriatim questions and answers at bottom of many Text Bks.—would have scholars write their Lessons on blackboard and write criticism from rest—after a while they can get up and talk about their lessons. Just here it is in place to state that the exercises of day, in so far as G. had anything to do with them, were most interesting of all, as he gave those present much amusement by his many and original sallies of wit. Mr. Mesher followed with "Music Exercises"—would have a music Ex. with every branch of study—ask Q's. not connected with lessons—favors old. Teaching in highest sense of term. Would connect Hist. and Geog. together as much as possible—teachers should visit each other's schools. Heartily favoring singing in school room. The more the better. Declaration by Mr. Bray, of Norwood, was well received. Mrs. Mix, assigned Subj. of Singing, cordially favors matters in schools. Would have it at least twice a day, before Roll call in morning, and before opening of afternoon session. Thinks a school, without singing, a dull one at best, and favors song more particularly on dull and gloomy days.

Dr. Lau Bach handled subj. of ventilation in his usual apt and happy way—ventilator should be below, as foul air always sinks. Water should be on stove, in every school room, to keep air moist. Dry, hot air of room produces colds, headaches, etc.

Mr. Graham again followed on "Dec. Frac. and how to write Nos." Dec. should be taught after Div. of whole Nos. and before Com. Frac.

Next meeting will be held at Watertown 10 a. m., Sat. Feb. 14th.

Random shots:
Mr. Lucius Bishop, high 2d Grade Teacher, of St. Bonifacius, Hennepin Co. was present, and took part in the discussion. There were about 30 teachers on hand.

Meeting separated about 5 p. m., and throughout was characterized by great freedom of discussion. Messrs. Will Mesher and Graham, latter of Watertown, kept all in a good humor, as was evidenced by the frequent "bursts of laughter," caused by remarks made by these 2 teachers.

The Prop'r of the Lake House furnished an ample repast for the assembled teachers.

FROHSINN.

Laketown Icicles.

Jan. 29th 1880.

The following interesting little episode happened on our streets the other day—Scene: "O, wie geht's? Herr Schmidt, ich glauhe?" Wann doo des glawshst, dat glawshst doo enich wass. Mei name is Jones." Exit.

Notwithstanding all the modern improvements of husbandry used at Laketown, the matrimonial harvest, is still gathered with the cradle and thrashed by hand.

In both the foregoing, a "moral" there contained in, and those who carefully have read, will—Be sure to learn some lessons still.

The chimneys of Messrs. Gerdson, Klatt and Maas, respectively, caught fire the other evening, and it was with some difficulty the flames were put out. Klatts had to call in aid of Henry Hedke, and Fritz Maas, aid of Charley Schmidt, and Fritz Maas, much talk next morning, among Laketown's "Sons of the soil."

Mr. Goldschmidt will have some ten thousand feet lumber sawed by Pete Wiley. Probably more. Pete charges \$3.50 for soft wood.

Young Joseph Pfeiffer but recently returned from Prairie Land, and thinks "there's nothing like it." His stay was quite a protracted one, and he returns much improved in body and general spirits.

It is half that is said about railroad building in Minnesota next summer, is true, it will be one of the most active seasons in that line ever known in Minnesota. But we rather think some of the companies will weaken before long.

It is said that the committee on elections of the House of Representatives, Washington, have voted to report in favor of seating Donnelly and unseating Genl. Washburn. We hope it is not true, as it would be a glaring outrage and would return to torment its perpetrators.

The Fairbault Democrat says in reference to Attorney General Start's decision in the Barium Gilman case:
Considering the fact Mr. Gilman's majority over the Barium was upward of 20,000, this decision will probably be accepted without a riot.

JUDGE SAMUEL LORD, of the 5th Judicial District, died last week and was buried on Monday, at his home in Monticello, Dodge County. He was a good man and his death is deeply deplored by every body in his district.

As John C. Fremont was the first candidate of the Republican party for President, it would seem fitting that he should be the last. He is the equal in ability and the superior in moral character of any of those named on that side of the house. Who will start a boom for Fremont the pathfinder, who paved the way for all the success of the Republican party?—Globe.

The old supporters of the liberal movement of 1872 seem to be quietly organizing to defeat Grant either in the Chicago convention or at the polls. They have had several quiet consultations of late, and have arrived at the determination to work all they can against their old opponent up to the meeting of the convention, future action to be developed thereafter. It is not probable however, that they will be permitted to intrude themselves among the faithful at Chicago. There is no room in that crowd for agitators.—Globe.

MR. ACKLEN is the Maj. Reno of congress. He is either a most persecuted person or an infernal and variegated scoundrel. He goes from scrape to another with the facility of a harlequin, and passes from seduction to forgery with the ease of a born hereditary aptitude or long experience. His last effort is likely to cost him his seat.—PIONEER.

GEN. ROBERT C. SCHENCK, late minister to England, is dangerously sick in Washington of Bright's disease, and his friends report that his death is liable to occur at any time.—PIONEER.

The composers on the St. Paul Provisional Paper and Globe left their cases last Friday evening and refused to work unless their wages were increased. The managers of both papers refused to accede to their demands and other men were engaged, and the papers appeared as regularly as usual.

At the Cane Grower's Association held in Minneapolis the following resolutions were adopted:

Resolved, That the best soil on which to plant cane is good sandy loam, well drained, not fertile, but freshly manured.

Resolved, That it is the decision of this convention that cane should be planted as early as possible to work the ground properly and avoiding late frosts.

Resolved, That the early amber cane raised in the latitude of St. Louis is the best kind to plant in Minnesota for two years.

Resolved, That the early amber cane should be thoroughly cultivated, the same as corn.

FRANK J. DENNET, 27 years of age, committed suicide at Minneapolis on Saturday. The body was found in a sitting position in a large rocking chair, with a pistol covered with cotton batting still grasped in the hand.

The wolves about Ottawa, LeSeuer County, are becoming so bold that they go into the village and run the dogs under the houses. There were three seen near the store a few evenings ago.

Norwood Items.

Another elevator is talked of. Let it be built.
Our saw mill is doing a big business this winter.

The team of G. Winkler, of Camden, recently took fright and ran away. One of the horses was killed and Mr. W. had a narrow escape from death. Mr. W. has the sympathy of the community in his loss.

Supt. Mix is at his post again as station agent. Harris, got into a scrape and lit out in short order.

A good man with means is wanted to build a first class flouring mill at this place. He will receive help.

Our two hotels are doing a smashing business. Both first class houses.

We are satisfied after careful inquiry that "Veritas" is no other person than the editor of the "Free Press" himself. Anybody rather than the "singed cat" of the "Free Press."

Railroad talk has died out. The people of this city never took any stock in that Minneapolis railroad. We are well fixed and are satisfied as we are.

Carver Items.

Spring is coming so says our weather prophet.

Although going is bad, business seems to be quite lively on our streets now days.

Last Saturday was St. Valentines day and everybody seemed to have their share. There were a few that thought they got more than their share of comic ones and down came their under lip.

The steam shovel now at work on the Hastings and Dakota R. R. at this place is quite a curiosity to those that have never seen one and crowds of visitors visit it every day.

Wheat has taken another jump and is quoted at \$1.10 at the elevators.

There will be a grand leap year party at our hall next Saturday and of course it will be the grandest affair of the season. Tally one for our Carver ladies.

Phil, our colored tenorist artist was stamped and sent away one day last week, and on his arrival at Norwood some inquisitive person asked his honor what made his eye look so blue, and he replied that he accidentally got some pepper in it. We are sorry for you Phil, but the best thing we can do is to say good bye and don't come again.

Laketown Icicles.

Mr. Geo. B. Nelson has a fine Oleander Tree, as also, an Irish Vine—in his residence.

Mr. Fred Zoerb has fine timber land, which will furnish him with loads of cord wood for many a day to come.

Supt. Mix was much pleased with the internal appearance and other arrangements of school in Dist. 16, Chas. Krey, Sr., who has two children attending the school, expressed himself in same way.

Look out for an eye-opener after next week—from this quarter. Variety is the spice of life.

Piety and paying one's honest and just debts go together—especially ministers' and printers' bills—all sanctimonious and hypocritical psalm singers will take a hint, even if they don't appreciate it.

Mrs. Kawolke, mother to our young townsman, Theo. K.—tho' an invalid for many long and weary months, bears all her trials with a truly patient and christian spirit.

soldiers by being entrapped by Indians. Feb. 9,
Capt. Becker of the Ninth cavalry, command-
ing one of the columns pursuing the hostile
Indians, after following them two days with his
entire command in the direction of Pan An-
drues came suddenly upon them strongly for-
tified in a narrow and rough cañon.

Troops were received by a heavy fire under
which several horses and men fell. The Indi-
ans charged the troops who gave way and re-

that 60 houses have been burned at Ays-
near Falx. The people are in great distress.

A boiler in a malt house in Detroit,
Mich., exploded Feb. 9, doing damage to the
amount of \$20,000, and slightly injuring two
men.

John L. Robertson's drug store at San
Daval, Ill., was burglarized and burned Feb.
14. \$5,000 in cash were stolen, and the loss by
fire was \$10,000.

An explosion of the boiler in the Cana-
dian paper company's mills, at Windsor, Ont.,
Feb. 10, killed two men and probably in-
jured three more. The pulp mill was burned.

A Cincinnati Times special says the
train on the Dayton & Northwestern railroad
which left Cincinnati, Indiana, killed Wm.
Conners, the engineer, and Frank Knecht, the
fireman. No one else injured.

A railroad bridge over the Mc Herring
river at Blackford, Va., on the Petersburg &
Weldon railroad was burned Feb. 10. Until
a temporary bridge can be erected, freight
trains will stop running.

Trinity Episcopal church, corner of
Fourth avenue and 125th street, New York
was burned Feb. 11. The building cost \$125,
000; insurance, \$5,000. The organ cost \$10,
000 and was insured for \$5,000.

A London telegram of Feb. 9th, says
the members of the Government and heads of
Irish departments met at the office of the
chancellor of the exchequer to devise
means for meeting the situation in Ireland.

On the night of Feb. 13th at Chicago
a fire in residence of Edward Costello, terribly
burned his wife, Bridget, who with her
husband, had been engaged in drunken orgies.
She died on the morning of Feb. 13, at the
county hospital.

Advices from Alexandria of Feb. 13 re-
port a collision at Tintah, on the Egyptian
government railway, between an Indian pas-
senger train from Suez and a goods train which
killed one engineer. Many passengers were
injured and a great damage was done to rolling
stock.

J. J. Powers, a wealthy manufacturer
of cotton seed oil, of St. Louis, who went to
Philadelphia recently to consult medical au-
thorities in regard to his health, accidentally
shot himself through the heart on the after-
noon of Feb. 12, in his room in the Contin-
ental hotel. The coroner's jury returned a ver-
dict of accidental shooting while handling a
revolver.

A dispatch from Dublin, Feb. 10, says
one woman and seven men were killed, and
thirteen workmen were seriously injured by
the burning of the Theatre Royal. Every-
thing in the building was burned, including
large and costly wardrobes. The theatre
took fire from a light in the hands of a boy
lighting the gas. Most of the employees were
at dinner at the time and the flames spread
rapidly. Manager Egerton lost his life by re-
maining too long in the building in the effort
to arrest the flames.

On Saturday night, Feb. 14, a very de-
structive fire occurred in Chicago, involving
the loss of the Baurin Warehouse, which was
built in 1862. It had a frontage of 190 feet on
Market street and extended back to the rear
a distance of 140 feet. The portion of the
building used as a United States bonded ware-
house contained property estimated to be
worth \$400,000. The night watchman discov-
ered the fire which originated in the basement
near the boiler and had been apparently burn-
ing for a half hour when discovered. The flames
were so furious and hot that nothing could be
saved. The firemen had a hard time, and
there were several narrow escapes. The ex-
plosion of barrels of whisky and high wines
drove the firemen back and added to the fur-
or of the flames. The firemen acted with great
bravery. The loss is estimated at near \$400,
000.

the members of the Government and heads of
Irish departments met at the office of the
chancellor of the exchequer to devise
means for meeting the situation in Ireland.

On the night of Feb. 13th at Chicago
a fire in residence of Edward Costello, terribly
burned his wife, Bridget, who with her
husband, had been engaged in drunken orgies.
She died on the morning of Feb. 13, at the
county hospital.

Advices from Alexandria of Feb. 13 re-
port a collision at Tintah, on the Egyptian
government railway, between an Indian pas-
senger train from Suez and a goods train which
killed one engineer. Many passengers were
injured and a great damage was done to rolling
stock.

J. J. Powers, a wealthy manufacturer
of cotton seed oil, of St. Louis, who went to
Philadelphia recently to consult medical au-
thorities in regard to his health, accidentally
shot himself through the heart on the after-
noon of Feb. 12, in his room in the Contin-
ental hotel. The coroner's jury returned a ver-
dict of accidental shooting while handling a
revolver.

A dispatch from Dublin, Feb. 10, says
one woman and seven men were killed, and
thirteen workmen were seriously injured by
the burning of the Theatre Royal. Every-
thing in the building was burned, including
large and costly wardrobes. The theatre
took fire from a light in the hands of a boy
lighting the gas. Most of the employees were
at dinner at the time and the flames spread
rapidly. Manager Egerton lost his life by re-
maining too long in the building in the effort
to arrest the flames.

On Saturday night, Feb. 14, a very de-
structive fire occurred in Chicago, involving
the loss of the Baurin Warehouse, which was
built in 1862. It had a frontage of 190 feet on
Market street and extended back to the rear
a distance of 140 feet. The portion of the
building used as a United States bonded ware-
house contained property estimated to be
worth \$400,000. The night watchman discov-
ered the fire which originated in the basement
near the boiler and had been apparently burn-
ing for a half hour when discovered. The flames
were so furious and hot that nothing could be
saved. The firemen had a hard time, and
there were several narrow escapes. The ex-
plosion of barrels of whisky and high wines
drove the firemen back and added to the fur-
or of the flames. The firemen acted with great
bravery. The loss is estimated at near \$400,
000.

THE DELANO EAGLE is publishing a very interesting history of the "Wright County War" written by an old settler and witness of the event in the pioneer days of Minnesota.

CAPT. ADAM HICK, of Henderson, calls on the soldiers of Shelby county to sign a protest against the passage of the Weaver bill. He designates it as a trick of demagoguery but approves the bill to equalize soldiers' bounties and invites the boys to petition for its passage.

The captain is right. Give us the equalized bounty bill, that Grant voted several years ago. That is perfectly just and proper to all soldiers, and should become law.

Spring Election.

The spring election takes place on Tuesday, March 9th, this year. Town officers are to be elected in each township, and County Commissioners in the Carver and Waconia districts.

Comr. Carlson, will probably be re-elected without opposition. He is a faithful officer and our county interests are safe in his hands.

We are not informed whether Comr. Hill seeks a re-election. He has made a faithful officer and could be re-elected without any serious opposition if he desires the position. Geo. Kuebler's name is also mentioned in connection with the office. Mr. K. is a good citizen and well qualified to fill the position.

Watertown Bond Decision.

Below we give the full text of Judge Macdonald's decision in the Watertown Bond matter. A matter important to the people of that village, and to the farmers in the adjoining township.

It will be seen that the Court renders judgment in favor of the Plaintiff (Peter Munson) granting the relief demanded by him in the complaint.

Messrs. L. L. Baxter and S. Fowler are attorneys for the Plaintiff and Messrs. E. Hainin, of Watertown and Ren, Hooker & Wouley of Minneapolis are Defendants' Attorneys.

STATE OF MINNESOTA,

COUNTY OF CARVER.

District Court, Eighth Judicial District.
Peter Munson, Plaintiff; vs. The Board of Supervisors of the Town of Watertown said County and the Minneapolis and Northwestern Railroad Company, Defendants.

The action is brought to restrain the Defendant, said Board of Supervisors, from issuing certain Bonds alleged to have been voted to aid in the construction of the said Railroad by the said Town of Watertown, on the 18th day of June 1879, under and pursuant to Chapter 96 of the special laws of 1879, and the acts to which the same is amendatory. All the parties Defendant have answered and appeared upon the trial. The testimony was taken in part before a Referee, and the remainder in Court; and the cause has been fully argued by both parties and submitted. Upon the argument and for the first time, the Defendants objected to the jurisdiction of the Court over the Defendants the Board of Supervisors; claiming that there is no such creature as the said Board.

This brings me to a consideration of the merits of the case. The main question is whether the proposition to issue the bonds of said Town, to the amount of eight thousand dollars, to the said Minneapolis and Northwestern Railroad Company was approved by a majority of the electors of said Township of Watertown, as provided and required by said act of the Legislature.

Considerable testimony was taken relating to the right of certain persons, who voted at said election, to vote thereon, and enough of them have been shown to have voted illegally to change the result, had it been made to appear that all of such illegal votes, that were proved by Plaintiff to have been such, were cast in favor of the issuance of the Bonds. But as that important fact was overlooked, it becomes necessary for me to consider the question raised as to the eligibility of the electors of the VILLAGE of Watertown to vote at said Bond election; in other words to determine whether the Village of Watertown is a part of the Township of Watertown.

The vote in favor of the issuance of these Bonds was 133, and that against was 149, and it

being admitted of record that forty two of the persons who voted in favor of issuing said Bonds were at the time residents and voters of the Village of Watertown, it follows that if said Village of Watertown was not, in law, a part of the Township of Watertown, the proposition was not approved by a majority of the electors of the Township of Watertown as required.

After a careful consideration of this question I have come to the conclusion that the Village of Watertown is not a part of the Township of Watertown but that, on the contrary, it is a separate and independent municipal corporation, from that of the Township. In fact after such an examination of the acts of the Legislature relating to it I am at a loss to understand why the Village should have been considered a part of the Township.

The Village of Watertown acquired its corporate existence by virtue of Chapter 10 of the Special Laws of 1877, which declared it to be a corporation, "under and pursuant to the provisions of an Act to provide for the organization of Villages in the State of Minnesota" approved March 4th 1875. And providing that when the inhabitants thereof have organized thereunder, it shall thereupon be endowed with all the powers and duties mentioned in said Act of 1875.

It is admitted that the Village is a Municipal corporation, and organized under these acts.

Referring to the Act of 1875, to ascertain what the corporate character of this Village is, we find that it is declared to be "endowed with all the rights powers and duties incident to municipal corporations at common law, with perpetual succession &c. Sec. 1 Chap. 139 Genl. Laws 1875. This language is as broad as, and in substance and effect it is not in fact, the same as that defining the corporate character of the Cities of Minneapolis, (Sp. Laws 1867 p. 40) St. Paul, (Sp. Laws 1874 p. 17) Waconia, (Sp. Laws 1867 p. 47) Mankato, (Sp. Laws 1868 p. 167) Red Wing, (Sp. Laws 1864 p. 181) Shakopee, (Sp. Laws 1875 p. 42); and I believe every City in the State.

I further find that neither in the act incorporating the Village (Chap. 1 Sp. Laws 1875) or the act of 1875 defining its powers and character, is there any provision or clause limiting the same.

In section 21 of the act of 1875 (as amended by Sec. 1 Chap. 35 Genl. Laws 1878) it is provided that "the territory comprised within the prescribed limits of the Village shall constitute one election district only for the election of Village officers."

This is the only limiting or qualifying clause in the entire act of 1875, and it will be seen at a glance, that it was not intended to, and does not in any manner affect or abridge the character of the Village as a municipal corporation.

That simply means that, notwithstanding the Village was created as a separate and distinct municipal corporation, it will, for general election purposes, remain in and be a part of the election district in which it was prior to its incorporation; and that all purely local elections must be held by the Village or Township within their respective corporate limits.

This limitation upon village government under this act was undoubtedly intended by the Legislature, to make the act harmonize with the law relating to General elections (Sec. 2 Chap. 1 Genl. Laws 1878) which provides that "every organized Township and every ward of an incorporated City is an election district;" and to avoid too great an increase of such general election districts.

It will not be doubted but that the Legislature could include two municipal corporations in one general election district, without destroying or impairing their separate and distinct character as independent municipal corporations.

A comparison of the law providing for the organization and government of Townships (Chap. 10 Genl. Stat. 1878) with the law under which this Village is incorporated, will convince any one that there has been delegated to the Village Council and other officers and the voters thereof the same (and greater) authority, upon many subjects, as was granted to township supervisors, other officers, and voters of the several townships.

And it is manifest that, in the absence of any provision avoiding it there must arise a conflict of authority, between the officers of the two organizations—if the Village is a part of the Township.

It would be in violation of all rules of construction to hold that the Legislature intended to produce any such condition of affairs.

It is an established principle that "there cannot be, at the same time, within the same territory, two distinct municipal corporations exercising the same powers, jurisdictions and privileges." I DIXON ON MUNICIPAL CORPORATIONS, Sec. 125; and authorities cited.

If there still was room for doubt, as to whether the Legislature intended that this Village (and all others created and organized under the same or similar laws) were distinct and independent municipal corporations it is dispelled when we examine as to its action in other cases.

Beginning with the laws passed the same year [1877] that this Village was incorporated, we find that in several instances where it was intended that the Village should be and remain a part of the Township, for purposes not in conflict with the act incorporating such Village, a special provision was inserted to that effect. [See Acts incorporating Villages of East Janesville, p. 72 Sec. 40; Morrisstown p. 30 Sec. 32; Farmington p. 62 Sec. 3.]

And it will be seen that the position here maintained is in accordance with the legislative construction of such laws, by referring to the acts incorporating the following Towns, Boroughs, or Villages—in which will be found special provisions making them for general election and other purposes, not in conflict therewith, a part of the Towns out of which they were created.

In 1868, Mantorville and Belle Plaine; 1869 Anoka; 1870 Kasson; 1871 Chaska and Chaska; 1872 Litchfield and Farmington; 1873 Rush City; 1874 Wilmot; 1875 Mankato and Morrisville; 1876 Houston, 1878 Pleasant Grove, and in 1879 Young America, Cambry, Walnut Grove, Little Falls, Granite Falls and Preston.

Those incorporated in 1876 and 1878 will

be found to have been under the provisions of the said act of 1875; and in the same manner that this Village was, except that these special provisions were in each case enacted; whereas in the enabling act of the Village of Watertown there is no such reservation.

It is clear, therefore, that the Legislature created the Village of Watertown an independent municipal corporation, separate and distinct from that of the Township of Watertown, for all purposes, other than that of general elections.

It follows, therefore, that the persons then resident in the Village had no right to vote upon said proposition and that all votes cast by them in favor of the same were illegal, and that the proposition was not approved by a majority of the electors of the said Township.

I find that the Defendants the Supervisors of the said Town of Watertown proposed and were about to issue the Bonds as alleged, when restrained from so doing by the writ of injunction herein.

From the foregoing, and the facts admitted of record herein, I find as a conclusion of law that the Plaintiff herein is entitled to have said writ of injunction made perpetual, and to the relief demanded in his complaint herein.

Ordered that judgment be entered herein accordingly.

February 21st 1880.

one day last week and Dr. Allen overlast-
ingly jerked them out for him. Rodney
feels better now.

Col. Baxter was up to Willmar last
Tuesday on Legal Business.

Wm. Seeger and Son are shipping bar-
ley to St. Louis and find it a good market.
Monday was a beautiful spring day.

Just received, new stock of clothing; 50
pieces new Dress Goods at largains, at
Streissguth's cheap store.

Keep your horses shod.

Geo. A. DuToit has been having a well
dug at his new house, going down fifty
feet and finding splendid water. Geo.
Hilgers of Shakopee has the contract.

The brick business for next season, in
Chaska, promises to be unusually large.
Several of our firms having already secured
large contracts to be filled early in the
season.

For bargains go to Streissguth's cheap
store.

Rev. Mr. Oester preached a very inter-
esting sermon to a large congregation, on
Sunday evening last.

G. A. DuToit of this place, closed a
loan of \$5000, last week to one farmer of
this county.

Mr. D. is loaning very extensively on
Real Estate Security in the county. Farm-
ers finding it to their interest to deal
with him.

Just received at Streissguth's cheap store
an immense and elegant lot of mens and
boys clothing.

Joseph Ess, has received a new engine,
the one ordered some time ago, not being of
sufficient horse power to drive his machines
Joseph is bound to keep up with the de-
mand of his customers.

Counterfeiter Arrested.

Ole Sankvist, of Norwood was arrested
last Monday morning, for passing & man-
ufacturing counterfeit coin money. It is
said that mounds were found in his room
and some of the counterfeit coin on his
person. U. S. Marshal McLaren, passed
up the road Monday and took young San-
quist down to St. Paul Tuesday. It is
said there is no doubt of his guilt.

Personal Mention.

Louis Karls, of Holly wood, made our
office a pleasant call on Monday.

Joe Schepers, of Dahlgreen, also called
in to see us on Tuesday.

Henry Stockmann Esq., of Norwood,
called in to pay the HERALD a pleasant
visit on Wednesday while in town on
business.

Our energetic merchant Mr. Otto Streis-
guth, starts next Saturday for Chicago, in
quest of an immense stock of new and sea-
sonable goods.

Old Carver Countyites.
Among the post-offices recently estab-
lished in Otter Tail County is one in the
town of Dora, Gustafson, postmaster;
and another at Lake Sybil, David Parks,
postmaster. Both, Square Parks and Mr.
Parks were formerly old citizens of this
county, the former a resident of Norwood,
and the latter of Dahlgreen. They are pro-
spering in their new homes.

Business Change.

We notice by the Glencoe Register of
last week that Geo. A. DuToit, of Chaska,
and Geo. Mix of Norwood, had bought the
Drug Store of Frank Jager of that place,
taking possession May 1st. Norwood is one
of the best business points in the county,
and no doubt Messrs Mix and DuToit,
will have charge of the Store. Mr. DuToit
of course giving no personal attention to
the business, he having his hands full at
this end of the county.

Watertown Mill.

Mr. F. Lienau, of Watertown, was in
Chaska on Monday, consulting with Geo.
A. DuToit on business matters. We un-
derstand that Messrs Lienau and Rochelle
will immediately commence the erection
of a large Grist and Saw Mill, on the old
site in Watertown. They are enterprising
men and should be sustained by the com-
munity in which they invest their means.

Our young friend Fred Krayenbuhl,

Fatal Accident.

Martin Bell, brakeman, on Martin An-
derson's gravel train, at work between
this place and Carver, met with an acci-
dent last Wednesday noon, that resulted in
his death 60 minutes after it happened. The
train was descending the hill near Biele
with the brake set when the chain
broke, throwing young Bill in front of
the track, receiving internal injuries causing
his death as above stated. Dr. Lewis was
called and done everything in his power
to alleviate his suffering but he was beyond
mortal help.

He was about 25 years of age and un-
married, his parents residing at Saukville
Wisconsin; he was a general favorite and
his death is greatly regretted by his asso-
ciates.

Carver Items.

Fine weather and business booming.
Our machine men are very busy now
days supplying the farmers with seeders
and it will not be long before they are
needed, as seeding time is close at hand.

Saturday will be Fair Day, and of course
it will be a good one as usual.

The Leap Year party last Saturday
evening was a very enjoyable affair. About
forty couples tripped the light fantastic
until the small hours of morning appeared
and then every body went home highly
elated.

William Hecksellmiller from Stewart
came down to take in the dance and spend
a few days with his father and sister.

Miss Bertha Snyder of Glencoe is spend-
ing a few days with her brother and she
arrived just in time to take in the party.

We understand that there is to be an-
other brick yard opened here in the spring.

If reports are true we will have as many
railroads in this State, in course of a year
or two, as Illinois has.

TEACHERS MEETING.

Watertown, Feb. 14, 1880.
Meeting commenced at 1 p. m. No one
present from central or southern part of
the county. Mr. G. T. Mulford was elect-
ed President. Many of those who were
on the programme of exercises being ab-
sent the President appointed teachers pres-
ent to fill vacancies; among others Messrs.
Plummer and McLeod of Hennepin and
Wright Co's respectively, and Mr. Kline
of Helvetia, who are well entitled to the
thanks of their fellow teachers for coming
forward so cheerfully and handling the
subjects assigned them so well.

If there was cause for dissatisfaction at
the absence of parties who had subjects
assigned them at the Waconia meeting,
the Watertown teachers feel that they
have some reason to grumble at being so
severely let alone at the first meeting held
there.

Mr. Fred Flood conducted the first ex-
ercise. "Reading in Primary classes"
giving his plan of teaching by the word
series—after handling this subject in a
very interesting manner he strongly urged
the necessity of making the school more
attractive and instructive by object lessons
and singing.

Mr. Wm. J. McLeod, after giving an
exercise in writing in which he paid an elo-
quent tribute to the undersigned of his and her prop-
erty in trust for the benefit of his and her cred-
ited in the office of the Clerk of the Dis-
trict Court in and for said Carver County. All
persons having claims or demands against either
of said assignors should present them to

Mr. G. T. Mulford then took up the sub-
ject of advanced Reading. Some of his re-
marks on the manner in which Reading
classes are conducted seemed to strike
several sore spots, as was evidenced by
the warm discussion at the close, in which
Mr. Whittemore, Mr. Rogers, Mr. Graham
and others took part, mostly siding with
the Prof. It would be impossible in this
short space to give even a synopsis of the
Prof's remarks which were listened to
with much interest.

Dr. Laudbach, who is certainly an enthu-
siast in matters of education, very strong-
ly urged the importance of teaching Physiol-
ogy to children even when small struc-
ture of frame, muscles, blood vessels,
nerves, etc. It should be made as un-
technical as possible.

An association of the teachers in North
Carver and adjoining schools in Wright
and Hennepin was then formed. Next meet-
ing Feb. 28th, at Watertown 1 P. M.

Pub. school here closes, Wednesday Ap-
ril 7 coming. Those interested will take
note—Our people should prepare to give
the census enumerator all the information
required of them.

Chaska Herald has a fair circulation
here.

Welt Bote, of Allentown, Pa., circulates
largely.

As the reporter's route is not strewn
with roses, nor house plants and flowers to
be seen—he don't feel at liberty for a
while yet to drop the heading "Icicles."
